INTRODUCTION

We are a young training company from Prekmurje, bringing together 12 passionate members with a unified vision – to create unforgettable experiences.

For us, Prekmurje is not just a beautiful landscape and cuisine, but also stories, authentic people, and memorable moments. We develop unique packages that allow visitors to experience Prekmurje through taste, movement, nature, and interaction with locals.

Our goal is for every visitor to take a piece of Prekmurje's warmth with them and feel as if time has momentarily paused.

MEET THE TEAM

We are united in our love for Prekmurje and our desire to show visitors its authentic beauty – from local cuisine and traditions to the modern vibe and the warmth of its people.

Every package and every story we co-create carries our signature: fresh ideas, energy, and Prekmurje's heartfelt spirit.

With us, you will experience Pomurje the way we feel it – with an open heart and a smile.
